Better Service Means Better Value!

| Products | Manufacturers | Description |
|--|--|--|
| BOILERS, GEO-THERMAL & FORCED AIR EQUIPMENT | Lochinvar IBC Noritz Burnham Rinnai Century B & D Dane Manufacturing | Residential and commercial boilers. (fully modulating 20,000 to 800,000 btu ratings) PVC, CPVC and propylene venting Residential and light commercial boilers (fully modulating 20,000 to 399,000 btu ratings), PVC, CPVC and propylene venting Residential and light commercial combination boilers Residential boilers (natural draft, PV, sealed combustion, oil, N.G., LP), commercial boilers (natural draft, power burner, full Mod.) Tankless water heaters, wall hung residential boilers and combi-units (condensing, modulating, sizes 50,000 to 205,000 btu) Geo-thermal heat pumps, mini-splits, furnaces, Ptac Geo-thermal pumping stations and components Q-Energy Geo-thermal heat pumps (W to W, W to A, split unit with air handlers) |
| HYDRONIC COMPONENTS | Burnham Lochinvar AIC Flexcon/Flextrol Rehau Runtal Spirotherm Taco Webstone Caleffi Beacon Morris Turbonics Haydon | Cast iron radiators and cast iron baseboard Indirect water heaters (25 to 120 gal.), buffer tanks Heat exchangers Expansion tanks (bladder style, hydronic, potable water) Pro-Balance manifolds, copper manifolds, installation tools, temperature by-pass valve, pressure by-pass valve, hydronic controls, Rau-Panel, heat transfer plates Towel bar warmers, panel radiators Air and dirt separators, hydro-separators Thermostatic mixing valve, accuflo circuit setters, multi-purpose valves, zone valves, air separators Circulator flanges with isolation valve, Pro-Pal valves Zone valve with replaceable head (1/2" - 1") Cv up to 8.0, air and dirt separators, hydro-separators, Hydro-Link manifolds, fast fills, PRV's, buffer tanks, thermostatic mix valves, radiator valves Toe space heaters Toe space heaters, cabinet heaters Residential and commercial fin tube baseboard |
| HYDRONIC CONTROLS | Lux Taco Tekmar | Thermostats (digital, heat only and programmable) Multi-zone pump relay, multi-zone valve control, flow switches, L.W.C.O. switches, zone valves, iWorks control package Thermostats, slab stats, boiler controls, injection controls, outdoor reset, snow melt controls, solar controls, tN4 and tN2 control packages |
| PUMPS | Grundfos Taco | Residential and commercial circulators (SuperBrute) 3-speed, Alpha, Magna (C.I., stainless steel and bronze) Residential and Commercial circulators (C.I. and bronze) |
| RADIANT PEX TUBING | Rehau | Engel-Method PEX, barrier (3/8"-2"), non-barrier (3/8"-2"), InsulPex (1"-2"), Dou-InsulPex (1"-2"), Everloc fittings |
| PIPE, VALVES & FITTINGS | Commodity | PVC, CPVC, steel, copper, stainless steel, hangers, unistrut, ball, gate, globe and check valves, Pro-Press fitting, Shark Bites fittings |
| SERVICES | Rundle-Spence | Detailed heat loss calculations, radiant system design and drawings, boiler piping design and schematic drawings, UDC REScheck work sheets, state approval for commercial projects, field trouble-shooting and start-up assistance, detailed job quotes, industry leading customer training. |

Better Service Means Better Value.

We've got your back!

Any wholesaler can promise you a decent supply of parts. But Rundle-Spence isn't just any wholesaler. We have a huge inventory of parts and products, and a knowledgeable staff who will work with you to find the best solutions. What's more, we're locally owned, so we can make decisions quickly in order to respond to your needs.

Business Protection

We safeguard your business by never selling directly to the consumer. Instead, we maintain the ShowPlace, a pair of kitchen and bath showrooms in Madison and Milwaukee where your customers can work with our knowledgeable staff to choose the fixtures they'll order through you.

Problem Solvers

Unlike some wholesalers, we don't just hire people. We actively seek out passionate problem-solvers who enjoy building things and relish a good challenge. That includes our owners, managers, sales and counter staff, two master plumbers, and engineering team. They won't just sell you a part. They'll help you find a solution.

Get Your Order When You Need It

- **Counter Sales** – Stop in at any of our locations, and our knowledgeable service representatives will be happy to help.
- **Will Call** – Call us and your order can be ready in as little as an hour.
- **Free Next Day Delivery** – Orders received by 5 pm will be delivered free the next business day within a 50 mile radius.
- **Limited Same Day Delivery** – Orders received by 10 am within a 30 mile radius can be delivered the same day.
- **Emergency 24-Hour Delivery** – If you have an emergency or just need something delivered ASAP, we are here for you - any day, any time! Our Emergency / Red Hot Delivery numbers are listed below.

Red Hot Services

- **Red Hot Delivery** – When you're in a pinch, our rapid response team can get your order to the job site fast.
- **Red Hot Water Heater & Boiler Delivery** – You only need one plumber on the job to install a new water heater or boiler with the help of our quick, efficient delivery service. We'll deliver the new unit, place it into position, and dispose of the old one in an environmentally friendly fashion.
- **Red Hot Repair Service** – If you're short on time or people, you can count on our professional, factory-trained technicians to service the water heaters you purchase from us – whether in or out of warranty – while appearing transparent to your customers. We are not listed in any ASP directory and will never compete with our contractor ASP partners.

Engineering Services

- **Hydronic, Solar and Geothermal** – Our on-staff engineering experts can help you troubleshoot an existing system or tackle a new project, whether residential or commercial. We can provide complete system specification drawings, perform heat loss calculations and assist with state plan approvals and RES/COMchecks.
- **Fabrication Shop** – We maintain an extensively equipped and staffed fabrication shop, so we can expertly guide your custom part and piping assembly projects through engineering to full fabrication. We're equipped to work with steel, stainless steel, all PVC and CPVC pipe, aluminum, brass and many other specialty materials. We can even weld PVC.
- **Custom Engineering Services** – Our team designs, engineers and fabricates unique, high-quality, cost-effective solutions, large and small, for a wide range of industries.
